About

Ashmed Specialist Hospital

We operate a network of healthcare facilities throughout Nigeria, specifically in 10 different locations, including Kaduna, Abuja, Zamfara, Sokoto, Plateau, Kebbi, and Kwara. The headquarters of the hospital is situated at

No. 33, Power Plant Road, Agwa New Extension, Kudendan, Kaduna.

Our guiding philosophy is to provide accessible, high-quality healthcare services to all individuals, regardless of their background. We believe in a patient-centered approach that emphasizes respect, compassion, and dignity.

Our team includes a diverse array of specialists, such as surgeons, cardiologists, pediatricians, gynecologists, and orthopedists, all of whom are highly trained and possess significant experience in their respective fields, ensuring that we provide exceptional care to everyone who visits our facility.

We are equipped with state-of-the-art technology and staffed by over 300 dedicated healthcare professionals and counting, committed to delivering high-quality medical services to our patients.

We operates 24/7, with specialists managing their own consulting rooms to address a wide range of medical issues, from routine check-ups to complex procedures. In addition to our specialists, our medical officers collaborate closely with a consultant general practitioner and a comprehensive team of specialist consultants, working to deliver holistic patient care.

Providing an Exceptional Patient Experience

At Ashmed Specialist Hospital, we prioritize the health and well-being of our patients and are committed to providing modern healthcare that is accessible to all, offering a full spectrum of medical services to meet the varied needs of our community.
